A sportsman's ministry devoted to feeding His sheep

*Do you have a **passion for the great outdoors?** A **passion to hunt?** Do you have friends or family that have those same passions and desires? **Hogs for a Cause** may be the means to satisfy that desire.*

Hogs for a Cause is a faith based ministry, devoted to two great passions; the love for the Great Outdoors and sharing our faith with others. The intent of the founder was to start a Sportsman's ministry using feral hogs as a tool to introduce others to the message of the gospel of Jesus Christ.

HFAC conducts guided hunts, trapping, and participates in population control events. The feral hog population is growing exponentially throughout Texas causing billions in crop damage. This threat has been dubbed the greatest threat to the natural ecological system in the U.S. that currently exists.

Affiliated with Hope for the Hungry a 501 C3 Non Profit Organization

Many folks have a passion for hunting and the outdoors but seldom find their way to church. Some have also been precluded from hunting because of the expense of leasing property and the current economic conditions. A benefit of this program is the ability to provide many with free guided hunting opportunities and ensuring that each and every participant receives a short gospel presentation.

HFAC's current focus is to provide hunting opportunities to soldiers with a special focus on the Wounded Warrior programs. This is our way, in part, of giving back to those who have given so much for the cause of freedom.

HFAC is not limited to feral hogs. **HFAC** will accept any legally taken wild game that can be used to ease the burdens of struggling families. Should you be a rancher, a farmer, or a hunter, we look forward to partnering with you.

HFAC also seeks to feed the many struggling families with feral hog meat as a means to share the gospel. It was once said "An empty stomach has no ears". It is a call God has put upon our lives; "if you love me, feed my sheep". Not only does **HFAC** provide food for the body, but for the soul and spirit as well.

ABOUT US

HFAC is a culmination of a lifetime of passion for the great outdoors and an intense desire to share the gospel of Jesus Christ in order to bring hope and redemption to His people (Jeremiah 29:11).

BENEFITS

HFAC hunters continue to partner with ranchers and farmers in order to reduce feral hog and predator populations. The more success **HFAC** has in the field, the more opportunity we have to serve our Wounded Warriors and ease the financial strain on local families. More importantly, it allows for many more folks to receive the gospel.
